4.0 SCOPE OF SERVICES

4.1 Background Information

The Department of Off-Street Parking (“DOSP”) is soliciting Proposals for External Auditing Services from qualified and experienced independent Certified Public Accountant firms (“Proposer”), licensed to practice in the State of Florida, for the purpose of providing an annual examination of the financial statements and records of DOSP, DOSP’s Defined Benefit Pension Plan, City of Miami’s James L. Knight Center Garage, and City of Miami Ballpark Parking Facilities. Audits shall be conducted for the purpose of forming an opinion of the basic financial statements taken as whole and determine whether operations were conducted in accordance with legal and regulatory requirements.

DOSP will initially contract for five (5) annual audits (**2019, 2020, 2021, 2022 and 2023**) based on a fee not-to-exceed a negotiated maximum amount (per year), with provisions for re-negotiation and extension of the contract for three (3) additional one (1) year periods. Additional services may be added at the DOSP’s discretion in accordance with the procedure outlined in this Section 4.2, paragraph ‘S’ of the RFP.

DOSP was created in 1955 by a Special Act of the Florida State Legislature. DOSP’s enabling legislation was incorporated into the City of Miami Charter in 1968. As a semiautonomous agency of the City of Miami (the “City”), the Authority receives no property tax support. During its 64-year history, the Authority has been supported solely by the revenue generated through its operation.

DOSP is governed by a five-member Off-Street Parking Board (“The Board”). The Board has the powers, duties, and responsibilities customarily vested in the board of directors of a private corporation and exercises supervisory control over the operations of the off-street and on-street parking facilities of the City. The City of Miami Commission retains the final authority for the approval of the Authority’s annual budget and rate structure, with the exception of leased and managed facilities, the confirmation of appointments to the Board, and the issuance of parking revenue bonds. As a component unit of the City, the financial statements of the Authority are incorporated as a proprietary fund into the City’s Comprehensive Annual Financial Report (CAFR).

DOSP’s estimated population was 399,457 as of September 30, 2018. The Authority employs approximately 125 full time employees and administers a combined operating budget of approximately \$40,000,000.

DOSP sponsors a defined benefit plan in which all full-time employees hired before February 1, 2014, can participate. The fund issues financial reports that include financial statements and required supplementary information for the plan.

DOSP manages, under a separate management agreement, the operations of the International Place – Knight Center garage (formerly Nations Bank Tower) for the City. Under the terms of the agreement, DOSP receives a management fee based on a percentage of gross revenues for this garage which is recorded as revenue from management and administrative fees on the DOSP’s financial statements. Because all ownership rights and ultimate financial responsibility for these operations are held by the City, these operations are excluded from the DOSP’s reporting entity. The fund issues financial reports that include financial statements that are presented in the City’s CAFR as part of their general fund.

DOSP manages, under a separate management agreement, the operations of the Miami Ballpark Parking Facilities. Under the terms of the agreement, DOSP manages the operations on a strict reimbursement basis only. Because all ownerships, rights and ultimate financial responsibility for these operations are held by the City, these operations are excluded from the DOSP’s reporting entity. The fund issues financial reports that include financial statements that are presented in the City’s CAFR as a special revenue fund.

Prior years’ audit reports, management letters and budget documents are available for review on DOSP’s webpage (www.miamiparking.com) under the “About Us” tab → Financial Information (direct link: <https://www.miamiparking.com/financial-information/>).

DOSP’s accounting system is fully automated. Access to the computer system will be made available to the auditors. The primary accounting software is Oracle JDE World. DOSP is currently in the process of implementing Microsoft Dynamics AX and plans to have the implementation and data migration completed during fiscal year 2019.
